To Whom It May Concern:

McNeil and Company has done business with IMEC since April of 2009.

Amy McEathron, President of IMEC and her staff do any outstanding job for us and are always available to assist and answer questions when needed and they truly understand our needs. IMEC has a great selection of doctors on their roster list and also provide a block time calendar that enables us to see what physicians are available and at what location. When a claim needs to be set up on a rush basis a simple phone call to IMEC is all that is needed and they will walk us through setting up the claim and scheduling timely IME exam with the appropriate doctor.

At our request IMEC provided us with an added bill review service at our request which has been an added value to their service that they provide for us. The bill reviews are often completed within a 24 hours period and never more than 48 hours and the savings provided by this service far outweighs the cost.

We have developed a wonderful relationship working with IMEC and really enjoy working with them and have found them to possess the qualities needed to be exceptional.

Thanks to Amy and her staff our job of providing the best service for our claimant's and insured has been made easier.

Deborah Bean
A&H Claims Supervisor
McNeil & Company
